Subject: Clarification of Joker Pit Stop Second rules

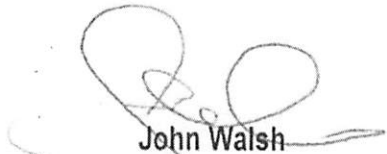

Date: 8/6/2020

Time: 1:33 PM

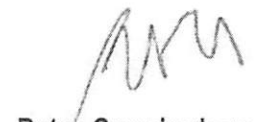

The Stewards have been asked to clarify the specific meaning and intent of GT and GT-4 Sprintx Sporting Regulations 20.2, describing a one second tolerance for pit stops.

For the avoidance of doubt, each race this weekend is considered a "competition", and each pit stop made in each race must meet the minimum pit stop time (87 Seconds) posted in Stewards Bulletin 5 and the tolerance cited in Article 20.2 will apply to each race (87 minus 1 is 86 seconds).

This is consistent with Bulletin 11 from the VIR event.
