

**Watkins Glen International
September 17th-19th, 2021
Stewards Decision**

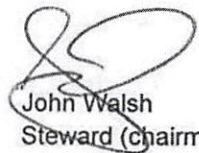

From: The Stewards
To: Competitor Genracer No. 78
 Driver: Jeff Ricca

Decision No: TC-04
Date: 9/18/21
Time: 22:58

The TC America Genracer No. 78 has submitted a request to run an alternate hood, which will allow different cooling to the engine. They reported to the Series Technical Manager that they are experiencing significant overheating problems that affect performance.

The Technical Manager reports that the replacement hood offered by the Competitor is acceptable and has no objection the Competitor using the alternate part for Qualifying and Race 1 at this Event.

The Stewards, having considered the matter, grant a waiver for the Competitor to run the alternative part in Qualifying and in Race 1. After the conclusion of Race 1, the Technical Department will review data and consider whether to allow the alternative part to be used in Race 2.

 John Walsh
 Steward (Chairman)

 Peter Cunningham
 Steward

 Gene Kern
 Steward

The competitor is reminded of his right to appeal (Article 18) except the penalties which are not susceptible to appeal.
