**Decision No:** TC-01  
**Date:** 7/22/22  
**Time:** 8:35

The competitor has requested permission to compete with the rear left wheel speed sensor disconnected. The competitor reports that they are working with the manufacturer to resolve an issue, but the immediate solution is to disconnect one of the rear wheel speed sensors.

The Series Technical Manager has been consulted and agrees to this solution. After considering the matter, the stewards grant a one-event waiver to allow the competitor to disconnect a single rear wheel speed sensor.

The competitor is reminded of his right to appeal (Article 18) except the penalties which are not susceptible to appeal.
