Re: TC America Differentials

Decision No: TC-06 Amended
Date: 8/21/22
Time: 16:46

Session: Race 2

Fact: The differentials of the cars listed on the attached exhibit have been sealed under parc ferme conditions. The full technical inspection of the differentials on selected, and possibly all, listed cars will occur at the Sebring Event.

Decision:

1. Teams are prohibited from removing or altering the differential seals prior to inspection at Sebring without the prior written approval of SRO Technical staff. If the seal has been altered or removed without permission, the car shall be deemed to have been non-compliant for Race 2.

2. The Race 2 results will remain provisional until the differential inspections are completed at Sebring.

3. Pursuant to the Article 11.9.3.w of the 2022 FIA International Sporting Code, the stewards of this Road America event hereby delegate full authority and power to the stewards appointed for the Sebring event to take any and all actions which are necessary, expedient, or appropriate with respect the outcome of the differential inspections to the extent that they relate to Race 2 of this Road America event.

Please find below the list of TCX class cars that had their differentials sealed at the Road America event. Listed are the respective chassis and annual inspection sticker numbers:
